

Brother document scanners: Our result of a century of innovation

Grounded by well over 100 years' worth of business expertise, Brother is a trusted and innovative technology brand recognised across the world.

Brother's document scanners have won coveted industry recommendations and reliability awards following exhaustive lab tests, establishing the versatile portfolio as the go-to machines for hard copy digitisation whether in home offices or professional environments.

Now, two new models are joining their desktop range:
ADS-2200 and ADS-2700W

brother
at your side

Two new desktop document scanners. Small but powerful

The affordable ADS-2200 and ADS-2700W both boast rapid scan speeds of up to 35 double sided pages per minute.

This allows staff to digitise those hard copies 45% faster than the previous, acclaimed equivalent Brother range (the 24ppm ADS-2100e/ADS-2600We). Despite their efficient, professional-level speeds, the ADS-2200 and ADS-2700W are surprisingly small units. When the output tray is conveniently folded back into the unit's body, these machines take up similar width and depth dimensions to that of a single piece of A4 paper – ideal for workspaces, front of house counters and office desktops where space is limited.

Specifications

ADS-2200
ADS-2700W

General

- 35ppm / 70ipm colour and mono double sided scan speed (300dpi)
- 50 sheet automatic document feeder (ADF) capacity²
- 7.1cm colour LCD touchscreen display
- Scan resolution - 600 x 600dpi (optical) 1200 x 1200dpi (interpolated)¹
- Energy Star certification
- Dimensions (mm) W 299 x D 206 x H 178
- Secure Function Lock 3.0 and touchscreen setting lock

Connectivity

- Hi-Speed USB 2.0
- Wired network Integrated Ethernet 10Base-/100Base-TX
- Wireless network: TCP/IP (IPv4) IEEE 802.11b/g/n (Infrastructure Mode)

Scan to options

- Supported file formats including PDF (single, multi, High Compression, searchable¹, Secured, Signed, PDF/A-1b), TIFF (BW only), JPEG, (Greyscale/Colour)
- Scan to File¹, email¹, OCR¹, Image¹, USB Stick (up to 64GB), Direct Scan to PC
- 25 Network folder and SFTP/FTP locations, Email Server, 20 Touchscreen Shortcuts, Auto Start Scan, Continuous Scan

Document handling

- Document Correction¹: Auto Deskew, Auto Image Rotation², Detect End of Page³, Background Processing³, Edge Fill³, Auto Color Detect Adjust, Margin Setting
- Image Quality¹: B&W Threshold Adjust, Greyscale Adjust, Color tone adjust, Colour Drop³, Character Enhancement³, Invert Scan³, Edge emphasis³, Remove Ruled Line³, Noise Reduction, Punch Hole Removal³
- Feed Control¹: Plastic card mode, Carrier Sheet mode, Skip Blank Page, Single Page Scan, Document Event Capture, 1 to 2 Scan³, 2 to 1 Scan³
- Paper weight range - 50-209gsm
- Separation method - Passive roller

Supported operating systems / drivers

- iOS/Android iPrint&Scan App
- Supports Windows, macOS and Linux operating systems
- TWAIN, WIA for Windows, ICA for macOS, SANE for Linux

Software

- Windows¹ iPS for Win PC / Nuance[®] PaperPort 14 SE / NewSoft[®] Prestol[®] BizCard OCR / Remote Setup
- Mac¹ iPS for macOS / NewSoft[®] Prestol[®] PageManager[®] / NewSoft[®] Prestol[®] BizCard OCR / Remote Setup

Scan to a variety of file types and direct to USB drives

Your documents in... Useful digital back-ups out

With a Brother scanner, the output is a usable digital file rather than just an image. The ADS-2200 and ADS-2700W come with free business card and document management software for Windows and macOS from Nuance® and NewSoft® - ideal for creating and editing PDFs and much more.

Both scanners support OCR (Optical Character Recognition) post scanning which allows your digital documents to become searchable files - ideal for meeting document compliance needs, disaster recovery preparation, departmental organisation and ease of access.

A wealth of image processing features such as punch hole removal, auto image rotation and skip blank page help ensure that the digital copies are optimised for more efficient use and help cut down on time spent manually preparing and correcting documents.

Supported file formats that can be scanned to include PDF (single, multi, High Compression, searchable¹, Secured, Signed, PDF/A-1b), image, email and file while the ADS-2700W can also scan to network, email server, SFTP and FTP as well as directly to mobile devices via Brother's own iPrint&Scan app.

Both the ADS-2200 and ADS-2700W also have a dedicated USB slot at the rear of the machine enabling the user to scan directly to a USB stick without the need to connect to a computer.

ADS-2700W wireless, networked document scanner with touchscreen

The ADS-2700W is a reliable and feature-packed document scanner at an affordable price. With a choice of Wi-Fi, wired network or Hi-Speed USB 2.0 connectivity, an easy to use LCD colour touchscreen, Windows/Mac/Linux compatibility, scan to USB host and more...

Specifications

Integrated ethernet, wireless network and Hi-Speed USB 2.0 connectivity for easy connectivity to computers, laptops and mobile devices

Simple operation and efficient shortcut creation via lockable 7.1cm LCD colour touchscreen

Versatile paper handling (including receipts and plastic ID cards) via 50 sheet Automatic Document Feeder (ADF)

Fast 35ppm/70ipm 2-sided colour scan speeds with simple auto start scan option

Scan to searchable PDF, file, email, email server, OCR, image, network, SFTP, FTP and USB host drive

Includes trusted document management and business card software for Windows and Mac

Easy to set-up and use by all

The IT department friendly ADS-2200 and ADS-2700W can be quickly set up and integrated across Windows, macOS or Linux operating systems via Hi-Speed USB 2.0, while the team-focussed ADS-2700W adds wired and wireless network connectivity allowing multiple device and department sharing capabilities.

Both scanners in this new range have been designed to be easy to use via either simple buttons (ADS-2200) or a responsive colour touchscreen (ADS-2700W). The ADS-2700W supports configuration of shortcuts, saving time and taking the hassle out of repetitive document management jobs.

ADS-2200 document scanner

The easy to use ADS-2200 desktop scanner is the ideal solution for a variety of business scanning needs thanks to its fast 35ppm scan speeds and ability to process a variety of media (including double sided documents, receipts and even embossed plastic cards).

Specifications

Versatile paper handling (including receipts and plastic ID cards) via 50 sheet Automatic Document Feeder (ADF)

Hi-speed USB 2.0 for easy connectivity

Fast 35ppm/70ipm 2-sided colour scan speeds

Scan to searchable PDF, file, email, OCR, image and USB host drive

Includes trusted document management and business card software for Windows and Mac

Handles your most diverse and high volume scan jobs

The 50 sheet automatic feeder can be loaded with mixed sizes and weights (everything from A4 contracts and expense receipts to customer forms and even embossed plastic ID cards) before processing its contents as one efficient batch.

So, whether it's the day-to-day stack of double sided contracts or a mixture of documents types, the ADS-2200 and ADS-2700W are built for business and has been designed to be at your side for the long run thanks to their robust roller construction.
